VOL. XVI.

FACTS FOR THE PEOPLE
IN RELATION TO A PRO-
TECTIVE TARIFF.

Embracing a Brief Review of the Oper-
ations of Our Tariff Laws Since
the Organization of the Gov-
ernment, Including
That of 1842.

BY JAMES WILSON.

(CONTINUED FROM LAST WEEK.)
IS A HIGH TARIFF AT THIS TIME NE-
CESSARY TO MAKE US INDE-
PENDENT?

There are but few men in society who
understand an equal distribution of prop-
erty by law, and these are not numerous
as servants and laborers. It is not a
protective tariff, so called, founded on
the basis of the tariff. It is a tariff that
the farmer to give 5 bushels of wheat for
goods which he could otherwise pur-
chase for 4 bushels. It does it for the
part of his property and give it to the
manufacturer?

It is called "protecting home
industry." The industry of America
is taxed to save the income of one; but
the thousands are forgotten and the one
who is taxed to save the income of one
is not the one who is taxed to save the
income of one.

It is frequently insisted that the great
wealth of England is occasioned by her
high tariff system, and that the United
States should copy her tariff system.

We were not a little surprised to see the
same ground boldly taken by one of the
leading writers of the Hartford Herald.

It is in the Hartford Herald of Jan. 17, 1851.
In dealing somewhat on this topic he
says that "England's success was pro-
duced by her high tariff."

He has added that they had also pro-
duced the toll, the starvation, and the
death of millions.

There is no doubt that the tariff sys-
tem of a high tariff is to create the
wealth of a few, and it is by robbing the
many. Suppose two adjacent countries.

In Indiana to have the same number of
inhabitants, and that the same amount
of labor is done in each country. If the
inhabitants of one country should build
a palace, or one or more splendid man-
sions, it is clear that the laborer neces-
sarily must be robbed.

Or suppose the pursuits of ordinary
industry. The country, therefore, would
not be able to send off as much prod-
uct as the inhabitants of the other
country would be able to demand.

The laborer would be robbed of the
fruit of his labor. A man can do
but a certain amount of work in a given
year, and so of a country or State, or
nation.

The products of this labor constitute
the wealth of the individual or com-
munity. If these products are engaged
by a few a small number of people
to the others.

If half the people are engaged in
erecting splendid buildings, which
themselves put nothing in the mouth
nor in the back, it must make provision
for the laborer.

Great wealth is always found in company
with great poverty. As much as the
higher classes of England enjoy, the
lower classes of England suffer.

In the same degree is the poverty and
wretchedness of the red of the com-
munity, even greater and more ex-
tended. We object, therefore, to any
policy which tends to make the
distinction between the poor and the
rich still greater in the United States.

We believe there is more real virtue
and happiness in a farming community
than there is in large towns, and for
the reason, not only that all persons,
male and female, labor in the country,
more or less, but also that the laborer
is not so great between the rich and
the poor.

In no other country is there so un-
equal a distribution of wealth as in En-
gland, and in none has the condition of
the laborer so steadily become worse.

The misery of the great body of the
people seems to have increased in pre-
cisely the same proportion that the na-
tion has become more wealthy. We have
seen the English laborer under this sys-
tem losing the comforts, the necessities,
and sometimes even life itself. We have
seen him give up the use of his first,
second, and third, and in some cases, his
potatoes, until he was actually re-
duced to the "scavenging" made of the
straw in which the cloth had been
beaten at the factories.

And this is the country whose tariff
system we are called upon to adopt,
which may have our palaces and our
houses!

Whatever may be the secret wishes of
their leaders, especially in this country,
we are confident that they have no
other object in view than to make the
Whig party—especially their virtuous
and industrious farmers and mechanics
—do not wish that England should be
held up as an example for imitation
in this respect.

WHY ARE WE CALLED UPON TO IMI-
TATE THEIR PROPOSED OBJECT?

The main object of a tariff, as we have
seen, is to rob the laborer of his wages.
But if the taxes imposed on articles from
abroad are too high, they only dimi-
nish the amount imported or shut them
out altogether. If the goods are import-
ed, less taxes are paid at the custom-
house. If the tax is so high that the
foreign articles are not imported, the
tax and afterwards sell for a saving
price, it will not be brought into the
country at all. In that case no goods

COOL, McHENRY'S VIEWS.
The Ohio County State Interview
about the Constitutional Conven-
tion—While Not Seeking the
Presidency of the Conven-
tion, He Would Accept
the Honor.

The Hon. Henry D. McHenry was in
the city yesterday, having come up
from Hartford for a short stay on a
matter of business. He was accom-
panied by his son, Mr. John McHenry.
The latter was his right-hand man in
the new law for delegates to the Consti-
tutional Convention from Ohio county.

He was asked to accept of the Consti-
tutional Convention from Ohio county,
and much of the credit for Cool, Mc-
Henry's business majority, under un-
favorable circumstances, is due to the
able management of that young gentle-
man. His father was opposed by W. B.

Hayward, Democrat, and Rev. A. L.
Smith, Republican and Wheeler; but,
notwithstanding Ohio is a very close
county, the regular ticket having two of
its candidates, and the remainder only
pulling through by scant majorities
ranging from forty to one hundred.

Mr. McHenry's views on the tariff
system are of a great deal of interest
inasmuch as the people of his county
are in the shape of over five hun-
dred delegates to the Constitutional Con-
vention. Considering that he had the
drag of another Democrat and the
demonstrated strength of the Demo-
cratic National Committee, since his
western portion of the State, that is a
very handsome showing, indeed.

NECESSITY

Is the mother of Invention. Invention is a fine child and peculiarly American; so we don't wonder that Necessity likes to be recognized as his mother.

We want to introduce another child of Necessity named Reduction; for Necessity is the mother of Reduction, and though he is not a child that shows off like Invention, he is helpful in his way.

SHEER NECESSITY

Forces us to make an all around reduction in every line, in order to reduce the excessive surplus of our summer stock. Our necessity is your opportunity, so don't delay, but come and get the benefit of manufacturers' prices.

We are the recognized leaders in all lines. Our cash system enables us to make two bargains for one, and to save money for other people. We buy and sell for cash, and we buy better and lower and sell better and lower than any credit-crippled competitor.

WHAT We wish to call your attention to this week is our large line of Shoes—every pair warranted to be the very best in every particular of make and material.

WHY We sell only the best is easily explained—the 'best' brings people back, holds custom, makes us friends and so establishes trade.

WHEN You want Shoes, you'll find us waiting—Monday, Saturday, Friday, Tuesday, Wednesday, Thursday—any day but Sunday.

WHERE We do business in the headquarters of the Shoe trade—perhaps we had better say footquarters. Why not?

WHO Are we? The carpenter is known by his chips—we by our Shoes. We are the reliable Shoe men.

Bazaar continues to interest the public. "Barn & Mo" are making such offers of these goods as can not be overlooked by the economical buyer.

Marriage licenses: W. M. Vandiver to Sarah J. Lienes, H. W. B. Haven to Robert J. Stewart, R. B. Day to Lucy L. Isaac, Westerfield to Mrs. Polly M. Gross, J. M. Nabors to Henrietta Payton.

Hon. H. D. McHenry entertained a few special friends Monday evening in honor of Mr. C. T. Smith, of Alabama, formerly of Afton, Va. This gentleman was a particular friend of both Mr. J. L. and Henry McHenry when they were in Afton during Henry's last fatal illness.

Crit Parke, of color, was arrested last Sunday and placed in jail with the charges of breach of the peace and carrying a deadly weapon placed against him. The trial for breach of the peace is set for Monday next. He will be held to answer the charge of Court for carrying concealed a deadly weapon.

Stunned by Lightning. A bolt of lightning struck the yard gate post at Thomas Greer's, of Buda, Monday afternoon about 3 o'clock. Shocked and thrown, some of the Greer family were taken to the hospital. Greer in company with Alfred Brown, were out near the gate at the time the lightning struck. They had gone out to engage in a game of marbles. After the rain, some time since, Mr. Greer's little boy named a small box to the yard and kept his marbles in it. Alfred Brown was just in the act of putting his hand in the box to get the marbles when the bolt struck the post. Brown Greer was immediately behind him and Sheldrick Greer was just a few feet behind Brown. The two former were knocked speechless and the latter, as stunned. As soon as Sheldrick saw that his brother and Alfred had been struck down, he ran and told his sister, and on his return, he met his brother, who was coming towards the house and they both then turned and went back to the gate and took what was thought to be the lifeless form of Alfred Brown into the house where, after considerable work, he came to show signs of life. At last conscious, yesterday the Greer children have entirely recovered from the shock.

Thomas Warriner. It has been generally understood that his most intimate friends at that time this fall Mr. D. E. Thomas, of Newark, N. J., would marry. The day is set for the consummation of that happy event on Thursday, September 28, at 8 o'clock p. m. Rev. Edwin Warriner, father of the bride, expected, will probably pronounce the words that will bind his lovely daughter to the man of her choice. Mr. Thomas left on the "Lumber" train this morning for the East to arrange the preliminaries necessary on such occasions. After the wedding Mr. and Mrs. Thomas will visit relatives in New Haven, Conn., and Brooklyn, N. Y. They will also visit New York and several other places of interest in the East. They will arrive in Hartford about September 12. Mr. Thomas is a member of the grocery firm of Thomas Bros., and is a stirring young business man. He is about thirty years of age, a well educated, cultured gentleman and no clever man. His wife Warriner is well known in Hartford, having taught instrumental music in Hartford College for the past two years. She is a well educated, cultured and refined young lady, is a beautiful blonde and her pleasing manners command respect and admiration. There was no objection to their marriage, but they wanted to attach a little novelty to the ordinary marriage ceremony.

Teachers Attending the Institute. Cannot do better than to register at the Matthews Hotel. The nearest hotel in town to the College. First-class accommodations and reduced rates to Teachers during the Institute. Just above Griffin's drug store, Hartford.

The W. R. F. C. Celebration. The Hayti Lodge of the United Brotherhood of Friendship celebrated in style last Saturday. They gave a picnic in Forest Grove just above Phillips & Co. The Hayti Lodge had a large band and made music for the occasion. Early in the morning, the members of the Lodge headed by the band, marched from their hall in Hayti through Hartford to the picnic grounds. The day was spent in such merriment as in swimming, dancing, etc. In the afternoon, the Order marched back through town to their hall, when the festal at night.

Big Show. (Misses' Social Banquet.) W. Main & Co.'s circus, at Mineral Point, on Wednesday of this week, drew a fair crowd, both in the afternoon and evening, particularly in the evening. Those who attended the show were much pleased with the exhibition, but were thoroughly well pleased. There was no gorgeous equipping nor flashy tent, but every thing was snug, comfortable and well arranged. The tip-top. The Adair Bros. on the trapeze, and Sig. Adair on the slack wire in their bar acts were good, and Mike

Trades and patrons are respectfully invited to attend every day of the Institute. Any teacher failing to attend the exercises will be considered a valid excuse, will forfeit certificate.

Boards Wanted. Six or eight young lady boarders during the Institute. Terms reasonable. Mrs. A. B. Barn.

Hardwick's Lecture. Marriage law, under will, it cannot be kept a secret, however hard a trial may be made in that direction. Mr. W. G. Hardwick, of New York, was married in Greenville last Wednesday night by Rev. Dr. J. H. Boyd, of Owensboro. The marriage was strictly private, but the records in the County Clerk's office gave the marriage away. They returned home Thursday, Mr. Hardwick coming to Hartford, and Mr. Hardwick stopping at his father's, Mr. W. T. Lee. The fact that they were married, soon became known, and Mr. Hardwick acknowledged to the happy state of conjugal bliss. Both are young people of the very highest character, well liked and well respected here. There was no objection to their marriage, but they wanted to attach a little novelty to the ordinary marriage ceremony.

Teachers Attending the Institute. Cannot do better than to register at the Matthews Hotel. The nearest hotel in town to the College. First-class accommodations and reduced rates to Teachers during the Institute. Just above Griffin's drug store, Hartford.

The W. R. F. C. Celebration. The Hayti Lodge of the United Brotherhood of Friendship celebrated in style last Saturday. They gave a picnic in Forest Grove just above Phillips & Co. The Hayti Lodge had a large band and made music for the occasion. Early in the morning, the members of the Lodge headed by the band, marched from their hall in Hayti through Hartford to the picnic grounds. The day was spent in such merriment as in swimming, dancing, etc. In the afternoon, the Order marched back through town to their hall, when the festal at night.

Big Show. (Misses' Social Banquet.) W. Main & Co.'s circus, at Mineral Point, on Wednesday of this week, drew a fair crowd, both in the afternoon and evening, particularly in the evening. Those who attended the show were much pleased with the exhibition, but were thoroughly well pleased. There was no gorgeous equipping nor flashy tent, but every thing was snug, comfortable and well arranged. The tip-top. The Adair Bros. on the trapeze, and Sig. Adair on the slack wire in their bar acts were good, and Mike

Marilyn's "Dog circus" alone would be worth the entire price of admission. The circus likewise were good, and Mr. Andy Borch, the so-called "biggest man, comes as near being made of gun elastic as anything we ever saw. He is a nut, and otherwise interested and free looking young man. All in all they have a good show, and a more genteel set of men would be hard to find, and if they ever return to Hartford, Point they may expect a hearty patronage. The above show will exhibit at Hartford, Friday, Aug. 29.

Hartford College. The next term of Hartford College will open Monday, September 1. The prospect for a good school this fall is quite flattering. This school has come to be known far and near for its thoroughness and honest methods. No sectionalism of any kind ever shows itself in the curriculum or class work of this school. Some of the best teachers in Western Kentucky have prepared themselves for their work in Hartford College. Many young teachers who know full well that no teacher can ever do his best until he has had the advantage of the superior facilities offered by Hartford College and spend profitable seasons here. The course is complete, the instruction thorough, the discipline all that a first-class college should exercise. Young ladies and gentlemen who wish to attend a good school and do so better in Western Kentucky. The day of incompetent teachers is past, and those who do it if possible, make your arrangements to give to the young people of Ohio county who are to be taught in the school, when they can do so well there as elsewhere. Hartford College offers advantages to the young people of Ohio county not enjoyed by many. The next session begins Monday, September 1. If possible, make your arrangements to attend school then. If you cannot come, then, come as soon as you can.

PERSONAL.

W. M. King is in Central City.
